PROFESSIONAL SUMMARY

Software Engineering graduate from the University of Eastern Africa, Baraton, with experience developing and testing web applications, testing REST APIs, documenting software bugs, and working with databases and Agile development practices. Also experienced in ICT, web design, programming, and coding/robotics training.

TECHNICAL SKILLS

Programming: JavaScript, TypeScript, C#, HTML, CSS

Frontend: React, Vite, Tailwind CSS

Backend & database: Node.js, Laravel, MySQL

APIs & tools: REST APIs, Postman, Chrome DevTools, Git, GitHub, VS Code, Jira

Quality & other: Software testing, debugging, Agile/Scrum, AI fundamentals, prompt engineering, coding and robotics training

PROFESSIONAL EXPERIENCE

ICT & Coding/Robotics Trainer | Talanta Computer School & College | June 2026 – Present

• Teach computer applications, web design, programming, and software development.

• Conduct coding and robotics training using Scratch and robotics projects.

• Develop practical activities focused on problem-solving and computational thinking.

• Troubleshoot technical issues, guide learners through projects, and introduce AI and emerging technologies.

Software Developer / QA | IBIBE LIMITED | March 2025 – March 2026

• Developed and tested web applications using JavaScript and React.

• Tested REST APIs using Postman and Chrome DevTools.

• Identified, documented, and troubleshot software bugs.

• Worked with Git/GitHub, databases, and Agile development practices.

SELECTED PROJECTS

Pixi Tax Management System — React, TypeScript, REST APIs. Developed a tax and payment management application with dashboards, forms, data tables, and API integration using Agile practices.

University Parent Portal — React, Node.js, MySQL. Developed a web-based parent portal with frontend, backend, and database functionality.

August Coding & Robotics Project — Scratch and robotics activities focused on programming, logic, and problem-solving.

EDUCATION

Bachelor's Degree in Software Engineering
University of Eastern Africa, Baraton | Graduated 2025

WORKSHOPS

AfChix Cybersecurity Workshop Part III — Access Control (Certificate of Participation). Topics include access control, system security, and secure user/privilege management.

AfChix Learning Management System Administration Part II (Certificate of Participation). Topics include LMS administration and digital learning environments.
